Obituary

13 David Taylor (1926–2017)
QM records the passing of a lifelong stalwart of the quarry products industry and one of the most influential managers of his generation

Recycled & Secondary Aggregates

15 Solutions Specialists
 Aggregate Processing Solutions provide David Einig Contracting with a new bespoke washing system

17 Environmental First for Carbon8 Aggregates
 Carbon-capture specialists help achieve 'zero waste to landfill' target while producing the world's first truly carbon-negative aggregate

IQ Centenary Special

19 The Institute of Quarrying – 1917-2017
The first 100 years
 This special 24-page supplement has been produced as part of the QMJ Group's contribution to the IQ's centenary

celebrations. Tracing the development of the Institute over the last 100 years and covering both the events and people that have shaped it, the supplement forms part of the 1,188th issue of the Journal to have been circulated to IQ members to date!

Structural Design & Engineering

50 Structural Design & Engineering
 Robust and reliable solutions from Centristic; High-level success for Fairport Engineering; and Carbon8 award construction contracts for new Leeds plant

Viewpoint

53 Breaking New Ground for Nature
 Debra Royal of Nature After Minerals (NAM) reflects on 10 years of working with the industry to help create homes for wildlife, and on NAM's hopes for the future
